

Cover Sheet
APPLICANT PROGRAM LETTER SPECIAL AIRWORTHINESS CERTIFICATE
Amateur-Built Aircraft

Ronald K Fortener
2260 Country Club Lane
Hartford, KY 42347

Builder: _____ Registration No: _____
Model: _____ Serial No: _____
No. of Engines _____ No. of Seats _____

Design Criteria: own design _____, Plans _____, Kit _____.

Dear Sirs:

I hereby request an airworthiness inspection for the purpose of airworthiness certification of an amateur-built aircraft. The aircraft has been permanently assembled and the following has been accomplished:

Yes	No	
_____	_____	I enclose FAA Form 8130-6. Application for airworthiness Certificate, which has been completed in Section I, II and III.
_____	_____	I enclosed FAA Form 8130-12, which has been completed in Section I, II and III, by me and NOTARIZED in Section IV.
_____	_____	I enclosed a three-view drawing or photographs of the aircraft as required by FAR 21 Section 21.193.
_____	_____	I possess AC Form 8050-3, Certificate of Aircraft Registration, or the pink copy of AC Form 8050-1, Aircraft Registration application, as evidence that I have complied with the registration requirements of FAR 47.
_____	_____	I can satisfactorily prove that I am the primary builder of this aircraft and I am planning to apply for a repairman certificate. This certification can be obtained by making application in person to the local FAA office after the satisfactory completion of the required flight hours in the test area. (An alternate method would be to arrange to meet with an airworthiness inspector at a predetermined time and location.)
_____	_____	A construction log has been maintained for this project, including photographs taken prior to covering as major components were completed. The photographs clearly show methods of construction and quality of workmanship. Log entries describe all inspections conducted during construction of aircraft.
_____	_____	The marking requirements of FAR Part 45 have been complied with, which includes permanent attachment of an aircraft identification (data) plate to the OUTSIDE of the fuselage, permanent application of appropriate registration marks, and the word "Experimental" near each entrance.
_____	_____	The following placard has been displayed in the cockpit in full view of all occupants (not required for single-place aircraft)

“PASSENGER WARNING-THIS AIRCRAFT
IS AMATEUR-BUILT AND DOES NOT
COMPLY WITH FEDERAL SAFETY
REGULATIONS FOR STANDARD AIRCRAFT.”

YES NO

_____ The instruments and equipment listed in FAR Part 91. Section 91.205 (old 91.33) have been installed, appropriate to the operations which I intend to conduct. Check type of operation intended:

_____ VFR DAY _____ VFR NIGHT _____ IFR

_____ Instrument range markings and other applicable operating limitations have been installed as required by FAA Part 91, Section 91.0 (old 91.31)

_____ An emergency locator transmitter has been installed if required by FAR Part 91, Section 91.207 (old 91.52).

_____ The aircraft has been weighted in accordance with established weight and balance procedures gravity positions are within the established limits. The weight and balance report is available in the aircraft as required by FAA Part 91, Section 91.9 (old 91.31) and a copy is submitted with this request.

_____ The Powerplant installation has undergone at least one hour of ground operation at various speeds from idle to full power to determine and ensure that all systems are operating properly.

_____ Limitations to permit acrobatic flight are requested.

The aircraft will be available for inspection at this location, and directions are as follows:

I request that the initial operating limitations be issued to permit me to operate the aircraft within the following geographical area for flight test: _____

I understand that contact will be made within ten days of receipt of this letter.

The telephone number where I may be reach on weekdays is: _____

My residence phone is: _____.

I have thoroughly inspected the aircraft and consider that it is eligible for issuance of an Experimental Airworthiness Certificate for the purpose of operating and amateur-built aircraft under the provisions of FAR 21, Section 21.191.

Signed: _____
(owner)

Date: _____
